EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 1, lines 25-26 and claim 3, line 24, replace "said memory cell" with --said second memory cell--.

Claim 13, line 10, replace "said" before "first cycle period" with --a---;

line 18, after "said first cycle", insert --period--; and

line 21, after "cycle", insert --period--.

2. The following is an examiner's statement of reasons for allowance:

Claims 1-21 recite a semiconductor memory device and a method of controlling a semiconductor memory device. The device and method comprises a first memory cell and a second memory cell, wherein in a normal mode, the first and second word lines are assigned separate addresses from each other, and data access operation is performed in the first and second memory cells separately; wherein in a partial mode, the first and second word lines are assigned the same address to maintain one bit data in the first and second memory cells; wherein in order to copy a data in the first memory cell into the second memory cell, based on a switching from the normal mode to the partial

mode, the second word line is activated in a precharge period for the first and second bit lines; then the first word line is activated; and then, the sense amplifier is activated to amplify a differential voltage between the first and second bit lines to store the data stored in the first memory cell into the second memory cell.

The prior art does not teach or suggest the above device and method having all the elements and steps as recited in independent claims 1, 3, 16, 18 and 20. Therefore, the application is in condition for allowance.

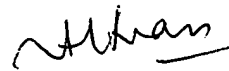

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Huan Hoang whose telephone number is (571) 272-1779. The examiner can normally be reached on Mon-Fri 8:30AM-5:00PM.
